

Little Meadow, Great Oakley, Corby

**STUART
CHARLES**
ESTATE AGENTS

£350,000

Set on an established corner plot in Great Oakley, this thoughtfully improved four-bedroom detached home has an inviting combination of sociable living space and a mature garden. A beautifully fitted kitchen provides a place to cook, eat and catch up, while the separate lounge offers the warmth of a wood-burning stove and double doors opening onto the patio.

The kitchen/dining room pairs painted solid-oak in-frame cabinetry with black flamed granite worktops, with breakfast-bar seating for a morning coffee or a quick meal. Beyond the kitchen, there is room to bring everyone together around a family dining table. A double oven, five-burner gas hob and fitted appliances are complemented by larder and integrated bin storage.

With light from both the front and rear, the lounge is a generous separate room with space for comfortable seating. The stove gives it a cosy focus in the colder months, in warmer weather, the double doors open the room to the garden. Having two distinct living spaces means there is room to entertain, spend time together or enjoy a quieter evening. A downstairs WC completes the ground-floor accommodation.

Outside, the generous paved patio is a natural spot for summer lunches, with a lawn beyond and established planting around the borders. The enclosed garden offers room for children to play and space to relax, with sunshine throughout the day a particular highlight for the current owners.

Upstairs are four well-proportioned bedrooms, allowing the accommodation to adapt to family life, visiting guests or working from home. The principal en-suite and family bathroom each have a bath with a shower over. The refitted family bathroom is finished with large-format tiling, vanity storage and a digital shower.

Driveway parking for multiple vehicles and an attached garage provide useful space beyond the house itself. Currently arranged for utility and storage use, the garage accommodates a washing machine and an additional fridge-freezer, helping to keep th
