

Little Meadow, Great Oakley, Corby

**STUART
CHARLES**
ESTATE AGENTS

£375,000

Situated in the highly sought-after village of Great Oakley, this beautifully updated four-bedroom detached family home combines generous living space with high-quality contemporary upgrades and impressive energy efficiency features.

Occupying a desirable corner position within Little Meadow, the property offers spacious and versatile accommodation ideal for modern family life, together with a private rear garden, extensive parking and a substantial tandem integral garage offering excellent flexibility for storage, utility space or future adaptation if desired.

The heart of the home is the recently refitted contemporary kitchen/diner, thoughtfully designed with in-frame solid oak painted cabinetry, striking black flamed granite worktops and a breakfast bar creating a sociable divide between the kitchen and dining areas. Integrated appliances include a double oven, five burner gas hob, dishwasher, fridge freezer, integrated larder units and integrated bin storage, making the space both stylish and practical for everyday family living and entertaining.

The spacious lounge provides a warm and welcoming environment with dual aspect natural light, a feature wood burning stove and direct access to the rear garden through double doors.

Upstairs, the property offers four well-proportioned bedrooms together with a recently refitted contemporary family bathroom featuring a digital shower and modern bath mixer. Throughout the home, the owners have carried out extensive cosmetic upgrades including replacement internal doors, skirting boards and professionally skimmed flat ceilings, creating a clean and contemporary finish throughout.

A major feature of the property is its impressive fully owned renewable energy system, comprising a 5.28kW solar installation with individual micro inverters, a 10kWh battery storage system and grid connectivity, together with a myenergi 7kW EV charger, delivering excellent energy efficiency and future-focused living with no leased equipment.

The t
